**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**  
**BASED ON FAILURE TO RECEIVE OFFICE ACTION**

Dear Sir:

In response to the Notice of Abandonment mailed May 24, 2005, Applicants respectfully request the holding of abandonment to be withdrawn. This petition is based upon the failure to receive the Office Action letter dated November 1, 2004. The nonreceipt of such Office Action resulted in the failure to reply within the response deadline of the Office Action.

The MPEP states that the showing required to grant a petition to withdraw a holding of abandonment consists of:

“[A] statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner’s statement.”

MPEP §711.03(c)(II).

The practitioner for Applicants respectfully asserts that the Office Action mailed November 1, 2004 was not received by practitioner. Applicant’s practitioner further attests that a search of the file jacket and docket records indicates that the Office Action mailed November 1, 2004 was not received by practitioner or anyone affiliated with practitioner.

A copy of the file jacket and docket record where the nonreceived Office Action would have been entered had it been received and docketed is attached. As illustrated by the copy of the file jacket, initial docketing was completed on March 19, 2004. Subsequently, the Notice of Abandonment was docketed on the file jacket on May 24, 2005. Had the Office Action mailed November 1, 2004 been received by the practitioner for Applicants, it would have been docketed on the file jacket below the initial docketing and before the docketed Notice of Abandonment.

Further, as illustrated by the copy of the docket record, the Office Action mailed November 1, 2004 would have been docketed with a reply due date of three months from the date the Office Action was mailed, namely February 1, 2005. The attached docketing record contains all correspondence received from the Patent and Trademark Office that was mailed between October 28, 2004 and November 6, 2004 with due dates on or around February 1, 2005. For example, the docketing record contains a docketed entry for an Office Action mailed November 1, 2004 regarding the application with serial number 10/804, 309. Had the Office Action for the above referenced application been received, it would have been recorded and docketed in a similar manner. As such the Office Action mailed November 1, 2004 for the above referenced application was not docketed with a reply due date of February 1, 2005 because it was not received by practitioner.

Based on the statement of nonreceipt and the attached copies of the file jacket and docket record, Applicants respectfully request the holding of abandonment to be withdrawn and the Office Action mailed on November 1, 2004 to be remailed to the undersigned so a timely reply may be prepared and filed.

Respectfully submitted,

---
